So great has become the roller skating craze that Manager Carpenter, of the Happy Hour Theater, will enlarge his building by adding 20 feet on the side, the present building being too small to accommodate the patrons.

Tobe Wilkerson, a former resident of this county, is very sick in San Bernardino. It was found necessary to amputate his leg and he was to have been taken to Los Angeles for that purpose. His sister, Mrs. Harvey Hubbs, is with him.

The gravel pit at Hackberry is being operated on a large scale, affording work to quite a number of men. Two immense steam shovels are filling the cars with this ballasting material and train loads are sent out constantly to be distributed along the line of the railroad.

A party from Oshkosh, Wis., consisting of Leo Haben, his brother Andrew Haben, and mother, Mrs. Matilda N. Haben, left Thursday with T. J. Grant for the Music Mountains where they will inspect the mines of that locality. Mr. Leo Haben was formerly a news paper man in Cripple Creek, Colorado. All are enamored with the salubrious climate of Kingman and may decide to remain in this county.

Jas. Parke of Seattle, who is a large stockholder in the Expansion Gold Mines Co., is here looking over the holdings of this corporation. Miss Parke, his daughter, accompanied him. Mr. Parke is an architect of note in the state of Washington and made the plans for the new City Hall in Seattle. He is very enthusiastic over the mines of the company in which he is interested and is highly pleased with his trip into the great gold belt.

Those interested in circulating the petition to the board of supervisors, asking that an election be called to determine if the liquor business shall be suppressed, held a meeting Thursday evening and determined that a writ of mandamus be prepared and served on the board compelling them to call the election. It is understood that the writ will be served Monday and as court will be in session, a decision can be had without delay.

Shooting at Mineral Park.

The bad blood existing between Jas. Haas and A. J. Sharp, who live at Mineral Park, cropped out again this week and culminated in an exchange of shots. Trouble has existed between the two for more than a year. It is claimed that Sharp, whenever he met Haas would play the aggressor and use epithets to excite and infuriate Haas, who would return the compliments with interest.

Last Tuesday morning Sharp was engaged in painting a building, when Haas approached and began to abuse Sharp, telling him that he had him where he wanted him, at the same time drawing a pistol. Sharp ran into the building shutting the door after him and as he came out of the rear door, Haas began firing, but without results.

Sharp reached his house and secured a shot gun with which he fired at Haas, the charge being small bird shot, a few of which hit him in the neck. It is said that Haas fired three shots, while Sharp turned loose both barrels of the shot gun.

Sharp had a warrant sworn out for Haas and he was brought before Justice Conkey of Chloride and bound over to the grand jury which convenes the coming week. He was allowed to go on his own recognizance.

Large Shipment of Cattle.

A train load of cattle every week is now being shipped from Seligman by Carr, Davis and Nelson, the largest holders of cattle in Mohave county. The shipment will reach the large number of 10,000 head and nearly all will come out of this county.

The steers and beef cattle go to the Cudahy Packing Co., at Los Angeles. The price said to be paid for the beef cattle is four cents on the hoof. The stock cattle find a ready market in Kansas City.

In keeping with the general prosperity which reigns in this county, the cattlemen never had better seasons. Plenty of water and good grass means fat stock, and add to this the high price of beef and it is no wonder the cattle man wears a smile which does not need to come off.

The Dread White Plague.

The whole world is now waging a war on the dread white plague and especially in the United States is the fight assuming definite form. The national association for the prevention of tuberculosis is reaching out into every municipality and hamlet in the country, and recently at Prescott the Territorial Association was formed, with Dr. J. W. Flinn as president. Dr. Flinn has appointed Dr. A. M. Cowie, of Kingman, as the representative of the organization in this county. After consulting a number of the prominent men of Kingman, Dr. Cowie has concluded to call a meeting for the purpose of forming a county organization at Elks Hall next Tuesday evening at the hour of 7:30 o'clock, to which meeting everybody is cordially invited, and especially all school children and teachers of the public schools of the county. The subject of tuberculosis and its prevention will be discussed by many prominent speakers.

Last Sunday, Earl S. Blake, a tailor who has had a shop on Front Street for some months, hied himself to parts unknown. Several parties are bemoaning the loss of money advanced to Blake on suits and goods left to be made up, but it is not thought that his absence is caused by this shortage, as he left his machines and entire outfit in the room he was occupying. It is reported that he has been seen in Albuquerque.

Shuck and Darling have bonded their property to Perkins and Brown of Los Angeles for 50,000\$. This property adjoins the Carter mine and has shown the same class of rich ore. Extensive work is mapped out by the new parties who have taken charge.

Sinking on the Grand Boy mine at Chloride still continues. The owner, C. E. Patterson, is in charge. For the past two years many shipments of ore have been taken from the Grand Boy, which is one of the best mines in the district.

R. J. Holmes has been opening up some fine ore on his property on Silver Creek. This group lies directly in the heart of the great gold district and development has shown large ore bodies.

J. W. Thorn and wife were in from the Horseshoe mine the first of the week.

Frost-Haselfeld Nuptial.

One of the prettiest weddings of the year was the simple but beautiful one of Miss Florence Frost and Mr. Louis Haselfeld, celebrated Thursday at Wallapai Springs. The ceremony took place at high noon, in the presence of a few friends.

The decorations were dignified, exquisite and appropriate. The marriage service was read by Rev. Smith, Rector of St. Lukes Episcopal church of Prescott, Arizona. The bridal procession entered to the strains of Lohengrin's wedding march and was led by Mr. R. E. McGillen of Kirkland, and the bride's sister, Miss Charlotte Frost, who wore a dainty gown of pink chiffon and carried an arm bouquet of pink brides-maid roses.

The bride wore a rarely beautiful gown of rich wavy messaline trimmed in chiffon lace, studded in pearls. A filmy veil held in place with orange blossoms, and an exquisite bouquet of brides roses completed the bridal attire.

The going away gown was a tailored one of blue. The honey moon is being spent in San Francisco and southern California.

The groom is a young man of the finest qualities and character, and is a prosperous young business man of Kirkland.

The bride is a young lady of rare charms, accomplished and much beloved.

The young couple have a host of friends that wish them a long and happy wedded life.

After their wedding trip Mr. and Mrs. Haselfeld will make their home in Kirkland, Arizona. x x

More Than Enough is Too Much.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy and body heat. The habitual consumption of more food than is necessary for these purposes is the prime cause of stomach troubles, rheumatism and disorders of the kidneys. If troubled with indigestion, revise your diet, let reason and not appetite control and take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be all right again. For sale by H. H. Watkins.
